tinubu

Tinubu Credit Insurance

Solution for Short Term Credit Insurance

FEATURES FACT-SHEET

Tinubu provides **Credit Insurers** and **Export Credit Agencies (ECA)** an end-to-end integrated **SaaS** software to run their activity.

The Tinubu Solution for Short-Term Credit Insurance manages the life cycle of its products, from commercial and risk underwriting to claims payment through automated processes.

All lines of products, including specific local market products with specific modules, can be handled.

Online portals are available for both brokers and policyholders.

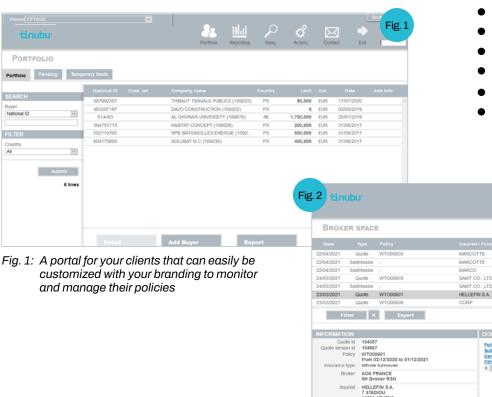

Our solution integrates smoothly within clients' existing IT architecture through our **API library**.

Tinubu Credit Insurance is offered as an **all-in-one turnkey solution** or can be **designed** end-to-end **to each carriers' specifications**.

This fact-sheet highlights the key features offered by Tinubu Solution for Short Term Credit Insurance, completing the Tinubu Credit Insurance Overview brochure, available here.

Policyholder & Broker Portals

Portals connected to the back-office, allowing submission of business proposals, accepting offers and acting on policyholders' behalf.

Key Features

- Portfolio of limits
- Online buyer identification
- Credit limit applications / decision
