tinubu®

Are you increasing your company performance with your BI system? Our clients are!

Apply the right equation

+ ACTIONS

MAKE THE RIGHT STRATEGIC DECISIONS

- Control your risk by monitoring your Trade Credit Insurance (TCI) exposure
- Adjust your sales strategy by monitoring your pipeline, conversion & renewal portfolio
- Convey top quality information internally & externally (reinsurers, investors...)

= INSIGHTS

» **Get rid of IT dependance for your reports creation**

» **Stop waiting so long for new reports**

» **Avoid huge IT costs**

DRIVE YOUR CREDIT INSURANCE INSIGHTS IN AN AUTONOMOUS WAY

Getting a clear view on your activity is critical in a rapidly evolving world.

- Use our **preconfigured dashboards & reports** for Commercial, Administration, Risk & Claims modules
- Become autonomous by **drilling down your Tinubu Credit Insurance data** & easily configuring new reports
- Enjoy immediately a UX oriented solution with the **embedded Power BI for Tinubu Credit Insurance**

+ DATA

» **Sick of maintaining multiple data sources?**

» **Tired of discrepancies and transformation needs?**

BENEFIT FROM OUR SINGLE & OPTIMIZED TINUBU CREDIT INSURANCE DATA WAREHOUSE

Implementation choice providing flexibility: export Tinubu Credit Insurance data into your global Data Warehouse (DWH) and/or use our embedded Power BI for Tinubu Credit Insurance.

- Feeding processes already configured in our **state-of-the-art DWH**
- Untransformed data from our **all-in-one** solution
- **Scalable model**

Discover how Tinubu can help you to perform.
