

**TINUBU SQUARE REINFORCES SUPPORT FOR SURETY SECTOR
WITH SPONSORSHIP OF ACORD CONNECT 2019**

Key partner at annual members summit

Paris, Sept. 18, 2019 – Tinubu Square, a leading provider of credit insurance, surety and trade finance solutions, is to be a Silver Sponsor at this year’s ACORD Connect (29-30 October, Boston, USA). The event brings together member organizations involved in global insurance and standards to learn, network and turn insights into action.

Tinubu Square will present a Breakout Session during ACORD Connect, with Olivier Placca, Deputy CEO chairing a panel of recognized industry experts including Nicole Dechiaro of Crum & Forster Group and Greg Davenport, Senior Vice President at Liberty Mutual. The focus of the panel’s discussion will be ‘Defining and driving implementation of ACORD standards for specialty lines’, which will include discussion of the standards dedicated to surety which were recently defined with the valuable input of both panelists. As well as sharing their insights, they will also discuss to what extent the surety experience can benefit other specialty lines of business including trade credit, medium-term and political risk.

Olivier Placca commented: “We became a vendor member of ACORD at the beginning of this year because the work of the organization aligns strongly to our core product offerings, including our newly launched Tinubu Bonding Insurance Suite. The ability to support evolving regulation as well as standards for document exchange format is essential for any technology solution to be successful in this market. Our customers can be reassured that through our membership in ACORD, we will facilitate their ability to integrate with the ecosystem and make it easy and straightforward. We are looking ahead to the forthcoming ACORD Connect event to meet with customers and partners and be involved in hosting this important panel session.”

ACORD is the global standards-setting body for the insurance and related financial services industries. It facilitates fast, accurate data exchange and efficient workflows through the development of electronic standards, standardized forms, and tools to support their use. Members come from across the world and include insurance and reinsurance companies, agents and brokers, software companies, financial services organisations and industry associations.

The annual ACORD Connect event provides members with an opportunity to explore important strategic issues facing the international insurance industry, enhance their expertise with ACORD standards and architecture and earn valuable education credit through professional development.

“Solution providers are a vital and valuable part of the ACORD community,” said Malou August, ACORD’s SVP of Standards and Membership. “We are excited for the work that companies like Tinubu Square are doing to evolve the industry’s electronic document exchange capabilities. As interoperability becomes more essential to the business of insurance, the co-development of standards and solutions will benefit all stakeholders.”

About Tinubu Square

Founded in 2000, Tinubu Square is a software vendor, enabler of the Credit Insurance, Surety and Trade Finance digital transformation. Tinubu Square enables organizations across the world to significantly reduce their exposure to risk and their financial, operational and technical costs with best-in-class technology solutions and services.
